The University of Nottingham is one of the UK's most popular and respected universities with an international reputation for its research, teaching and campuses in the UK, China and Malaysia. The University's main UK campus is located in a beautiful park two miles from the centre of Nottingham - the thriving commercial and cultural capital of the East Midlands. Nottingham's central location and excellent transport links make it accessible from all parts of the UK and beyond.

Nottingham University Business School has excellent facilities on the University's purpose-built, modern Jubilee Campus, less than a mile from University Park campus. Jubilee Campus also accommodates the Schools of Education and Computer Science and recent developments include a new Entrepreneurship Centre, home to the Business School's Ingenuity Lab, and The GlaxoSmithKline Carbon Neutral Laboratory for Sustainable Chemistry on the 12 acre University of Nottingham Innovation Park (UNIP), which provides incubator space for new businesses, research and innovation.

Nottingham University Business School conducts world-class research and the results of the Research Excellence Framework (REF) 2014 confirm the School’s status as one of the leading Business Schools in the country. Nottingham University Business School ranked sixth out of 101 institutions for Research Power (the measure of research performance which combines volume and quality). As part of its ongoing development, the School has recently recruited to a significant number of new posts and currently has around 140 academic staff. Apart from its UK based operations, the Business School also delivers programmes at the University of Nottingham Ningbo, China, the University of Nottingham Malaysia Campus and in Singapore. Further information about the School is available at: http://www.nottingham.ac.uk/business/

The School's achievements include:

- Full, five-year EQUIS accreditation for all operations in the UK, China, and Malaysia.
- AMBA (Association of MBAs) accreditation for all MBA programmes since 1993.
- Excellent results in the NSS 2017, particularly in Accounting with 90% of students reporting overall satisfaction with their course.
- Course-level accreditations from a number of professional organisations including: Chartered Banker Centre of Excellence; CIPD; PwC and ICAEW; CIM; ACCA; NHS Leadership Academy; CFA Institute.
- The Nottingham MBA is globally ranked by The Economist.
- The MSc Finance and Investment is globally ranked by the Financial Times.
- Nottingham was voted University of the Year for graduate employment in The Times Good University Guide 2017.

Main Research Activities
Quality research is central to the ethos and identity of the School. Following its significant success in the 2014 Research Excellence Framework (REF), the School's priority is to sustain its position in the top tier of UK business schools through the production and dissemination of research that is recognised as internationally excellent and which has a demonstrable and positive impact on wider communities of practice. The School research strategy is led by Professor Justin Waring (Associate Dean for Research) who is supported by a Research Directorate with a senior representative from each of the School's eight divisions. As part of a comprehensive system of research support, the Research Directorate provides financial assistance for the dissemination of research at national and international conferences and also for pump priming high potential research projects.
The School hosts a number of research centres and institutes, which highlight specific areas of expertise, while the eight divisions of the School also form natural discipline-focused research communities. At the same time, there is a strong tradition of cross-divisional collaboration and an increasing emphasis on joint research programmes with other schools across the university as well as with a range of international partners.

The School hosts a range of research seminars, featuring international scholars, and operates an active visiting scholar programme. The development of group and individual research strategies is encouraged through research 'away days' and faculty are also periodically able to apply for study leave in order to develop their research activities more intensively.

**Academic Divisions:**
- Accounting
- Finance Risk and Banking
- Haydn Green Institute for Innovation and Entrepreneurship
- Industrial Economics
- Marketing
- Operations Management and Information Systems
- Organisational Behaviour and Human Resource Management

- N/LAB for business data analytics

**Finance, Risk and Banking Division**

The Finance, Risk and Banking Division is a dynamic and vibrant group that provides a unique platform for research, teaching and learning in all three disciplines. Our staff are engaged in a wide range of contemporary research topics related to corporate finance, asset pricing, international finance, financial markets, institutions, banking, and principles of risk management. We explore a wide variety of relevant and interesting topics such as corporate governance mechanisms around the world, (in) efficiency of financial markets, and the fragility of banking systems, performance and efficiency of banks and insurance companies, risk management in banking, insurance and financial services etc.

We offer a highly competitive PhD programme, which is a combination of rigorous training and supervision by our leading scholars. Our doctoral students play a full and active part in the group's research activities. Current and recent PhD students have worked on topics such as asset pricing and market liquidity, sovereign debt restructuring, corporate demand for reinsurance, Greek banking system productivity during the 2008 crisis. Our graduates have recently joined University of Cambridge, University of Bath, University of Sussex among other noted academic institutions.

We also have regular seminar series where recent speakers have come from Cambridge (Judge), CASS, Columbia, Imperial, London Business School, LSE, Oxford (Said), Harvard Business School, Wharton, NYU and other notable schools.
The School offers specialist BScs in Industrial Economics, and Finance, Accounting & Management and MSc degrees in Finance & Investment, Banking and Finance and Risk Management. Our expert teaching in quantitative fields is enhanced by a regular Financial Minds lecture series from visiting top practitioners. Each of the Business School's three specialist masters programmes in finance, banking and risk are officially recognised by highly rated professional bodies like the Chartered Financial Analyst (CFA), Chartered Banker (CBI), and Insurance Institutes.

Job Title: Assistant Professor in Finance

School/Department: Nottingham University Business School,

Job Family and Level: Research & Teaching Extended Level 5

Contract Status: Permanent

Hours of Work: Full time

Location: Nottingham University Business School, Jubilee Campus

Reporting to: Head of Division (Finance Risk and Banking)

Job Outline:
The person appointed will be expected to engage in high quality research in all areas of finance, risk and banking and to contribute to teaching in this area on the range of programmes offered by the School at undergraduate, postgraduate and executive levels. The post holder will also be required to make an appropriate contribution to administration.

Main Duties and Responsibilities:

Research
- To undertake original research in any area compatible with activity within the Finance, Risk and Banking Division.
- To publish research in peer-reviewed journals.
- To seek external research funding as appropriate.
- To produce research suitable for dissemination to conferences, workshops and meetings (both international and national).
- To forge collaborations within and outside the University as appropriate.
- To encourage and work with other members of the Division/School on joint research activities, including research seminars.
- To undertake research student supervision as required.
- To contribute fully to School research activities, including the provision of information required for the REF or similar activities.

Teaching
- To prepare and deliver lectures, seminars/tutorials at undergraduate, postgraduate and executive levels.
- To participate in the assessments for initial and higher degrees and diplomas of the University and to act as invigilator in such examinations as required.
- To contribute to course and curriculum development and design, including course management (where appropriate).
- To support and comply with the University and School teaching quality assurance standards and procedures, including the provision of such information as may be required.

Administration
- To undertake administrative work/management functions and generally to assist with efficient and effective completion of the work of the Centre/School and the University. This may include participation in relevant committees and working groups.
- To act as a personal tutor for both undergraduate and postgraduate students as required
- To take part in and contribute to staff development activities consistent with continuous professional development.
- To ensure compliance with health and safety requirements in all aspects of work.
- Any other duties appropriate to the grade and role of the person appointed.
This job description may be subject to revision following discussion with the person appointed and forms part of the contract of employment.
