The University of Nottingham is one of the UK's most popular and respected universities with an international reputation for its research and teaching and campuses in the UK, China and Malaysia. The University's main UK campus is located in a beautiful park two miles from the centre of Nottingham - the thriving commercial and cultural capital of the East Midlands. Nottingham's central location and excellent transport links make it accessible from all parts of the UK and beyond.

Nottingham University Business School has excellent facilities on the University's purpose-built, modern Jubilee Campus, less than a mile from University Park campus. Jubilee Campus also accommodates the Schools of Education and Computer Science and recent developments include a new Entrepreneurship Centre, home to the Business School's Ingenuity Lab, and The GlaxoSmithKline Carbon Neutral Laboratory for Sustainable Chemistry on the 12 acre University of Nottingham Innovation Park (UNIP), which provides incubator space for new businesses, research and innovation.

Nottingham University Business School conducts world-class research and the results of the Research Excellence Framework (REF) 2014 confirm the School's status as one of the leading Business Schools in the country. Nottingham University Business School ranked sixth out of 101 institutions for Research Power (the measure of research performance which combines volume and quality). Its teaching has been rated as 'excellent' by HEFCE. As part of its ongoing development, the School has recently recruited to a significant number of new posts and currently has around 140 academic staff. Apart from its UK based operations, the Business School also delivers programmes at the University of Nottingham Ningbo, China, the University of Nottingham Malaysia Campus and in Singapore.

Further information about the School is available at:
http://www.nottingham.ac.uk/business/

The School's achievements include:

- Full, five-year EQUIS accreditation for all operations in the UK, China, and Malaysia.
- AMBA (Association of MBAs) accreditation for all MBA programmes since 1993.
- Excellent results in the NSS 2017, particularly in Accounting with 90% of students reporting overall satisfaction with their course.
- Course-level accreditations from a number of professional organisations including: Chartered Banker Centre of Excellence; CIPD; PwC and ICAEW; CIM; ACCA; NHS Leadership Academy; CFA Institute.
- Global ranking of the Nottingham MBA and Executive MBA programmes by The Economist.
- Nottingham being voted University of the Year for graduate employment in The Times Good University Guide 2017.

Main Research Activities
Quality research is central to the ethos and identity of the School. Following its significant success in the 2014 Research Excellence Framework (REF), the School's priority is to sustain its position in the top tier of UK business schools through the production and dissemination of research that is recognised as internationally excellent and which has a demonstrable and positive impact on wider communities of practice. The School research strategy is led by Professor Scott McCabe (Associate Dean for Research) who is supported by a Research Directorate with a senior representative from each of the School's eight divisions. As part of a comprehensive system of research support, the Research Directorate provides financial assistance for the dissemination of research at national and international conferences and also for pump-priming high potential research projects.
The School hosts a number of research centres and institutes, which highlight specific areas of expertise, while the eight divisions of the School also form natural discipline-focused research communities. At the same time, there is a strong tradition of cross-divisional collaboration and an increasing emphasis on joint research programmes with other schools across the University as well as with a range of international partners.

The School hosts a range of programmes of research seminars, featuring international scholars, and operates an active visiting scholar programme. The development of group and individual research strategies is encouraged through research ‘away days’ and faculty are also periodically able to apply for study leave in order to develop their research activities more intensively.

**Accounting Division**

Accounting is a key subject in the Business School, with the broad and varied experience and expertise of our highly-qualified academic team enabling our Division to deliver important courses across many of the programmes on offer. Our undergraduate programmes are accredited by professional accountancy bodies and lead to significant exemptions from professional examinations. The Division also provides business/commercial law teaching for the School.

Programmes include:
- BSc Finance, Accounting and Management
- BSc Accountancy
- MSc Accounting and Finance
- PhD Accounting

Divisional faculty undertake research in many aspects of accounting, with particular expertise in the broad areas of:
- Commercial law
- Corporate governance
- Corporate social responsibility
- Management accounting and control
- Market-based accounting
- Taxation
- Voluntary disclosure
