

<b>Job title</b>	Associate Professor in Mental Health	<b>Job family and level</b>	Research & Teaching Level 6
<b>School/ Department</b>	Health Sciences	<b>Location</b>	Institute of Mental Health, Jubilee Campus

## The School

The University of Nottingham's School of Health Sciences is part of the Faculty of Medicine and Health Sciences and aims to be a centre of national and international excellence in, education, research and practice development. The School has an excellent record in learning and teaching with a number of staff being awarded National and University Teaching awards. The School consists of two main education centres over 3,000 urban and rural square miles, providing pre-registration and post-registration, degree and higher degree courses.

## Purpose of role

The role holder will be expected to make a significant leadership impact, deputising for the Head of the Recovery Research Team (RRT).

The role holder will be based in the RRT, a multi-disciplinary research team led by Prof Mike Slade and located in the interdisciplinary Institute of Mental Health (a collaboration between University of Nottingham and Nottinghamshire Healthcare NHS Foundation Trust). The focus of the RRT is on mental health recovery and social inclusion, and the team conducts wide-ranging mixed-methods research to inform thinking, policy and practice in and beyond mental health and social care systems nationally and internationally. Current studies include recovery narratives (funded by National Institute for Health Research (NIHR) programme grant), Recovery Colleges (NIHR Programme grant), peer support work in lower resource settings (EU Horizon 2020), global mental health (Global Challenges Relief Fund), spirituality (Economic and Social Research Council), identity in psychosis (NIHR Nottingham Biomedical Funding) and citizen science (UKRI). The current team members come from a wide range of disciplines and mental health professions. Further information about the work of the team is at <http://researchintorecovery.com/>.

## Your Integration into the School

Your integration will be facilitated through an induction programme with mentor support. Support for further personal/professional development will be given on a pro rata basis.

In advance of submitting an application, interested applicants are invited to review the work of the RRT described at <http://researchintorecovery.com/>, and to discuss the post by contacting Prof Mike Slade ([m.slade@nottingham.ac.uk](mailto:m.slade@nottingham.ac.uk)).

<p><b>Qualifications, certification and training (relevant to role)</b></p>	<ul style="list-style-type: none"> <li>▪ Extensive research and teaching experience supported by relevant PhD</li> </ul>	<ul style="list-style-type: none"> <li>▪ Clinical qualification/membership of a relevant professional body</li> <li>▪ HESA recordable teaching qualification – successful candidates would be expected to achieve this qualification within 2 years of starting in post</li> </ul>

The University of Nottingham is focused on embedding equality, diversity and inclusion in all that we do. As part of this, we welcome a diverse population to join our work force and therefore encourage applicants from all communities, particularly those with protected characteristics under the Equality Act 2010.

The University is a signatory of the Declaration on Research Assessment (DORA). As such we commit to focus on the scientific content of publications (where requested or provided as part of the recruitment and selection process) as a basis for review of quality, and consideration of value and impact of research conducted, rather than any proxy measures such as Journal Impact Factor.

## Expectations and behaviours

The University has developed a clear set of core expectations and behaviours that our people should be demonstrating in their work, and as ambassadors of the University's strategy, vision and values. The following are essential to the role:

- Valuing people** Understands that it is essential to provide a structure that people can thrive in. Knows how to communicate with people to create a healthy working environment and get the best out of people.
- Taking ownership** Communicates vision clearly, providing direction and focus. Knows how to create a productive environment where people are inspired and can work cross-departmentally in partnership.
- Forward thinking** Has the ambition to be a pioneer in own area, anticipating the future change, needs and challenges. Knows how to innovate within their work context and champions others to be inspired to be part of this ambition
- Professional pride** Keeps up to date on latest thinking, trends and work practices. Supports team to be thought leaders; willing to challenge if obstacles get in the way.
- Always inclusive** Establishes far reaching partnerships, well beyond own area across a broad range of networks. Understand role to pay due regard to the needs of the whole community.

## Key relationships with others
