Further Information on groupings of staff in Registry & Academic Affairs

Staff in Registry & Academic Affairs are allocated to teams based on areas of work. The following document provides more information on how these groups map to areas of the student journey and provides examples of tasks which may be undertaken by members of each team in our delivery of student administration.

Most staff should be involved in Front of House activities at some point, however a small team in each Service Centre will have this as their major role. The groups are as follows:
