Hi Sophia,

I hope that you are keeping well.

We are hoping to advertise a 1 year RA post on Timothy Beechey's Fellowship grant. The advert states that the post is for 1 year but ATF483521 has been approved with an end date of 31/12/22. This is problematic as the post will not be filled until after the new year meaning it will end in early 2023. I would therefore be grateful if you could send an email confirming the end date of funding for project R00467 to Evie Shykles in HR (copied) to allow her to advertise the post.

Unfortunately there is some urgency to this request as we would like the advert to be posted before Christmas if possible.

Kind regards,

Charlotte
